

Secure Your Legacy

with Google Inactive Account Manager

This informational sheet explains how to set up Google Inactive Account Manager, a tool that helps you manage your digital legacy after a period of inactivity.

What is Google Inactive Account Manager?

Inactive Account Manager allows you to choose what happens to your Google Account if you haven't used it for a specific period. This could involve notifying a trusted contact or even deleting your account entirely.

Benefits

Designates a trusted contact to manage your account information after you pass away.

Provides peace of mind knowing your digital assets are handled according to your wishes.

Advisory services are offered through Forefront, a DBA of Forefront Wealth Partners, LLC. Securities are offered through Calton & Associates, Inc., member FINRA and SIPC. Forefront is not owned or controlled by Calton & Associates, Inc.
